Create memorable custom wedding gobos with Apollo's Wedding Templates. Personalize your wedding reception by displaying your name and wedding date in lights. Bring your wedding color into play by adding an Apollo Gel color. Personalizing your custom gobo can be done in three easy steps.

- *Select a layout (wedding/ monogram number)*
- *Select a font (using the font number)*
- *Supply the details (names, dates, fixture, and quantity)*

** Steel patterns not available for all lighting instruments. Size limitations required by small projectors exclude some availability. Consult an Apollo representative.*
